

SHOPPING CART ELITE TRAINING PROGRAM GUARANTEE

LIFETIME GUARANTEE 100% MONEY BACK

We are so confident in the Shopping Cart Elite software and the Search Engine Marketing training that we provide, that we offer a 100% money back guarantee, for a lifetime, if you are not successful with our program.

We believe in mutual successful relationships, we want to train entrepreneurs to be successful and then we want to see our training turn into results. We are our proud of the work that we do, and we prosper seeing our new clients turn into success stories.

We know what it takes for a startup online business to become a profitable. Our portfolio is filled with companies that started with absolutely nothing and now enjoy recurring healthy revenue for themselves and their families.

Our training consists of three parts:

- 1) Understanding the basics of Shopping Cart Elite.
- 2) Understanding the basics of Search Engine Marketing.
- 3) Executing the basics that you learned in a real online business.

We promise to give you everything that you need to be successful, and the main reason why we feel confident about the guarantee, is that the power of success is in your hands.

If you execute all 3 parts in your online business, there is no possible way for you not to have a successful business, and our guarantee gives you the confidence to try it. If you follow our training, and nothing happens with your business after 12 months, we reimburse you with up to \$2,500 for the training that you paid.

Here is a quick break down of your responsibilities from our training:

- We will teach you how to perform off-site optimization (link exchanges), you will be responsible to execute 150 – 200 links for your online store. We share the link partners with you, but the actual links you will have to do. This task should be executed within 6 months and should take a total of 3 hours per week.
- You will have to load products into your website and optimize the product content. This is an ongoing task but we will require you to add at least 150 products and optimize them. Adding products is easy as we can provide you data feeds, however optimizing their content does take time. We estimate that this can take 50 – 100 hours in total.
- You will need to write 20 – 40 unique articles about your products to help drive traffic to them.

You should dedicate a minimum of 15-25 hours per week towards your online store for the next 12 months. We guarantee that you will see results between 6-12 months or we will refund your money. The worst case scenario is you will spend time, not lose any money and gain invaluable knowledge and experience in Search Engine Marketing. The best case scenario is you will have a profitable online business that will change your life, your occupation and most importantly your families for the better.

We have seen startups go from literally \$0 in revenue and no traffic, to \$6,000 - \$25,000 per month in gross revenue after 12 months. References are available upon request.

We hope that you will take our guarantee as another reason to try our program and feel confident that you will not lose a penny and only gain an invaluable amount of knowledge in Search Engine Marketing and eCommerce.

Note: If you will not execute all the tasks as stated above, or spend less than 15 hours per week for 6 months, you will not be eligible for this guarantee (You will have to complete all the tasks as stated in this document to claim the guarantee). Since a website's age gains ranking in the search engines, this guarantee can only be used after your online store has been online for over 12 months, this will ensure its ultimate success or failure. The success of your store is rated by the amount of revenue it makes, if the online store's sales reimburse your investment, this guarantee will become void. If you decide to abandon the store after 12 months, you will have to surrender the online store, content and the domain name in order to use this guarantee. If you do NOT use this guarantee the store will be yours with all of its content, and you may keep it on Shopping Cart Elite for as long as you like. Any unpaid fees that will be due to Shopping Cart Elite, will have to be paid in full before claiming this guarantee.
